

ENVIRONMENT POLICY

Usha Yarns Ltd (UYL) is committed to satisfy the need of customer in more sustainable ways of adopting the technology and process which have lower environmental impact. To ensure this we take an active involvement from everyone include stakeholders, management, employees and suppliers, working with us.

We have set following objectives:

- 🌱 Follow environmentally safe and sustainable process, technology and operation as per the global standards commonly accepted.
- 🌱 Become responsible by meeting statutory compliance concern to key environmental issues in textile.
- 🌱 Continuous assessment of each activity towards the impact on surrounding environment.
- 🌱 Identify activity to reduce, reuse and recycle waste.
- 🌱 Educate, encourage and involve each employee with necessary training and aids.
- 🌱 Recognize, advocate and implement best practices to reduce adverse impact on human, animal and the environment.
- 🌱 Promote supplier who have committed low environmental footprint in the value chain.
- 🌱 Collaborate with various public and private agencies or bodies to care, promote the key environmental issues and practices.
- 🌱 Communicate the environmental policy to stakeholders, partners, employees, workers and management.
